

Explanation of Brackets

8 – Team Bracket

- Teams will play every team in the bracket. Once the games are completed the top four (4) teams in the standings will compete in the Gold bracket. The bottom four (4) teams will compete in the Silver Bracket. Every team (both Silver and Gold Level) will play a Semi-Final. The number one (1) seed will play the number four (4) seed; number two (2) will play three (3). Seeding is determined by the standings at the end of the first round games. The winners from the Semi-Final games will play in the Final at the appropriate level (Gold or Silver)

6 – Team Bracket

- Teams will play every team in the bracket. The standings determine what bracket you will compete in. The top three (3) teams in the standings will compete in the higher bracket. The bottom three (3) teams will compete in the lower Bracket. In the Second Round, teams will play against the other teams in their bracket. For Example, the top team will play against the 2nd and 3rd placed teams. The Finals schedule will determine by the standings after the completion of the second round games. Team 1 will play Team 2 in the Gold Final; Team 3 will play Team 4 in the Silver Final; Team 5 will play Team 6 in the Bronze Final.

4 – Team Bracket

- Teams will play every team in the bracket twice. Every team will play a Semi-Final game. The number one (1) seed will play the number four (4) seed; number two (2) will play three (3). Seeding is determined by the standings at the end of the first round games. The winners from the Semi-Final games will play in the Final at the appropriate level (Gold or Silver)
